FE STUDENT BURSARY POLICY

Policy Statement

Activate Learning empowers students to participate in education and to complete their course successfully. We recognise that money issues can be a significant barrier to participation and attendance, particularly for the most vulnerable students.

We use the group’s annual allocation of Discretionary Bursary Funds to administer the following Activate Learning Bursary Schemes which provide financial support to students most in need.

- Travel Bursary
- Course Costs Bursary
- Bursary for Vulnerable Groups
- Meal Credits
- Childcare Bursary
- Accommodation Bursary

Purpose

To provide clarity for staff and students about how Activate Learning uses its allocation of Discretionary Bursary funds and Bursaries for Vulnerable Groups during the 2023/24 academic year and to signpost to the relevant procedures.

Scope

This policy applies to all Further Education (FE) students, who have been assessed as a ‘home’ student for fees purposes, aged 16 or above on the 31 August and enrolled on a funded further education course at Activate Learning or its subcontracted provision. This excludes apprenticeship students and students aged 14 and 15.

In 2023/24 Activate Learning Bursaries are open to students whose household income is:

- £27,000 or less if 16-18
- £30,000 or less if 19 or over

2. Follow Government guidance on how the funds are awarded, ensuring they are used in the most effective and efficient way possible to support the maximum number of eligible students.
3. Carry out a financial assessment for each student to establish their household income and make decisions on whether there is an actual financial need and any additional course participation costs.
4. Publish clear and accurate information about the bursary schemes and actively promote these to new and continuing students across multiple platforms and throughout all stages of the learner journey:
 - throughout the admissions process
 - via our websites
 - social media

8. Process applications fairly on a first come first served basis and aim to confirm the outcome of any application within four weeks of a completed application being received.
9. Keep a record of participation costs for each course.
10. Take individual circumstances and financial needs to participate in their course into consideration when making decisions, including the number of children living in the household.
11. Signpost students to the Student Support Team if they cannot access evidence of their financial need, or if they have extenuating circumstances and need a supporting statement for their application.
12. Award bursary funds from the date the student received confirmation of their award.
13. Send clear and accurate communications including the conditions of each scheme. All communications will be sent via email. have not already received the maximum bursary award. We will only support one change of journey due to relocation in an academic year.

17. Make awards towards course fees, these are considered on an individual basis and will be at a value of 50% of the total fees initially but could be more depending on the students' financial need.

Fully completed applications received after 29 September 2023 will be added to a waiting list. If additional funds are identified, we will reopen for applications on the waiting list and process in the order in which they were received. Bursary awards for students on a waiting list are awarded from the date the fund reopens and not back dated.
21. Prioritise awarding travel bursaries when discretionary funds are limited.
22. Not make awards more than £3,500 for Travel and Course Costs bursaries combined, and travel bursary applications will be prioritised over course costs. Further awards may be made over and above £3,500 if funds are remaining in the 2nd and 3rd terms.
